

AMERICAN RED CROSS

Midwestern Area

ST. LOUIS 3, MO.

February 4, 1944

TO Chapter Chairman
FROM The Manager
SUBJECT "Questions and Answers", ARC 1121

Within the next few days your chapter will be receiving its allotment of the revised 1944 edition of "Questions and Answers". This booklet has proven extremely popular during the past year.

"Questions and Answers" is provided primarily for distribution within the chapter. It is a handy reference for the administrative staff, War Fund training chairmen, members of the speakers' section, and all chapter individuals regularly meeting the public.

The value of "Questions and Answers" is increased for the user by marginal notes which aid in cross-indexing the more than 100 questions and answers contained therein as they are related to services and activities of the American Red Cross.

We suggest that you reserve some portion of your supply for use following War Fund. Additional copies are available in very limited quantities from Area Office. Please endeavor to place each copy where it will be actively used as a source book.

Yours very truly,

H. F. Keisker
Manager
