

May 10, 1944.

Mr. J. M. Ferren,
Personnel Superintendent,
Hercules Powder Company,
Lawrence, Kansas.

Dear Mr. Ferren:

Our deep gratitude to you, sir, for your most unusual cooperation in regard to the Red Cross contributions handled by your firm.

I acknowledge with thanks the receipt of your check No. 39787 for \$5,201.00, together with personal checks and money order, the total amounting to \$5,355.37. I have turned the entire amount over to Mr. Wade Pierce, the chairman of the Douglas County Red Cross Chapter. We thought it best to wait a few days for the personal checks to clear the bank, then we will go forward with the distribution of the funds to the several county chapters involved. It was mighty fine of your company to make an itemized list of the contributors of the different counties. We will include a duplicate list of the individual contributors so that each county may have this list in their possession.

Again we say thank you very much for this unusual service.

Very cordially yours,

Chairman, War Fund Campaign for
Douglas County.
