LAWRENCE, KANSAS

Department of Anatomy

Dear Prof. Allen,

Enclosed is late Red Cross contribution. Mrs. Lowrance takes care of all contributions in our family and, since the family has not yet come to Lawrence, has made our regularly scheduled <sup>Red Cross</sup> contribution through our home institution, the University of Nevada. The enclosed is really but a token supplement.

By the way "Doc" Martie has asked me to convey to you his very best wishes.

Sincerely,

E. W. Lowrance
