 Director of Physical Education
 University of Kansas
 Lawrence, Kansas.

Dear Dr. Allen:

Looking over the paper the other day, I came across a list of scores, and included was one reading something like "Kansas 56, Missouri 35".

Is that correct, and do I understand that you really beat your old rivals by any such score? My Lord, what do you feed those boys of yours? Congratulations, and the same to your entire squad.

Announcement was made the other day that the Seminary would have a new gym next year, and the ground would be broken in June. Can you give me any information regarding a gym, type of floor, and anything that might possibly occur to you and that might be in a book we could use or plans that we could look over? If so, I shall be very grateful indeed if you will loan them to me, and you may be assured that you will get them back again. We want a good big floor, the best there is; then in our own place, we hope to go places.

I am still reading your book, studying it carefully and getting as much information and as much enjoyment out of it as I did when I first picked it up. Some day I am going to ask you to autograph it for me.

Kind personal regards.

Sincerely,

Adrian J. Seminary
