

October 27, 1942

To Whom It May Concern:

I am very happy to testify as to the character and standing and fitness of Harold "Sparky" McSpadden, a sophomore in Chemical Engineering in the School of Engineering at the University of Kansas.

McSpadden is an outstanding student, having 17 hours of A, 7 hours of B, 4 hours of C, and 3 hours of D. His yearly average is 2.3.

McSpadden is a fine athlete with a splendid personality. He was born July 21, 1923 at Sedan, Kansas, and graduated with high honors at ElDorado High School, El Dorado, Kansas, and since coming to the campus of the University of Kansas has made many friends among faculty and students. He is one of our leaders on the campus.

He is intelligent, loyal and personable. I am happy to recommend him for consideration in V1 Naval Reserve.

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
