St. Louis, Missouri.

Dear Mr. Bergeson:

In reply to your inquiry regarding Otto Dean Unruh, of Bethel College, Newton, Kansas, beg to state that I have known Mr. Unruh for some fifteen years. I had him on my varsity basketball team when he was a student here at the University of Kansas.

He is a very clean, capable and conscientious young man. He is loyal to the extreme, is sincere and honest. He does not use narcotics nor alcoholics in any way. I will recommend him without reservation or evasion. He is in a school of Dunkards and they are very clean and sincere people. He does not have that extreme polish that some people have, but he has character to an unusual degree. You can count on an indefatigable and honest fellow. He would be an extremely fine influence with young men and would cooperate with his superiors in every possible way. He is a fine, capable young man.

Sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
