To Whom It May Concern:

I am very happy to recommend to you Mr. A. M. Brown, a young man whom I have known for ten or twelve years. I knew him when he was a student at Rockhurst College in Kansas City, Missouri, and also during his college days at Central Missouri State Teachers College, Warrensburg, Missouri, from which he graduated in 1938.

He then entered the University of Kansas in 1941-42 to do graduate work. He had a fellowship here in the School of Education during that time. He was assistant in Physical Education and was my freshman basketball coach last year.

He is a fine gentleman, is highly intelligent and very dependable. He is extremely well versed in all branches of intercollegiate athletics, having participated in football, basketball, baseball and track. In addition to this he has served as an official with eminent satisfaction. His experience is not of the mere accidental type but is founded upon knowledge and training. He has the faculty of getting along with people.

Brown is clean, personable and loyal. He has an exceptionally fine physique and he keeps himself in fine physical trim. He does not use alcoholics or narcotics. He is clean of mind and body, and I would recommend him without reservation as possible officer material.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
