To Whom It May Concern:

I am very happy to recommend for your consideration Mr. Lawrence William Johnson, of Osage City, Kansas, who is applying for V-7 classification.

I have known Lawrence Johnson for three years and know him to be a fine, clean, aggressive and dependable young man. Johnson played basketball, baseball and competed in track at the Miller, Kansas, High School with outstanding success. He entered the University of Kansas in 1940 and played on my freshman basketball team.

Johnson is a pre-medic at the present time and is doing superior work in an academic way. He comes from a fine family. His parents have always impressed upon him the necessity of hard work and honesty. His father came in to the University a number of times and I was impressed with the rugged character of this man.

Johnson knows the meaning of loyalty and team work. In my opinion he is officer candidate material. I am very glad to recommend him to you as a clean, purposeful and intelligent young man.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
