

January 16, 1942.

North American Aviation, Inc.,
Fairfax Field,
Kansas City, Kansas.

Dear Sirs:

Edd A. Wood has asked that I write you regarding his qualifications for a position as director of physical training.

Mr. Wood was located in the local high school here in which he had charge of coaching and physical education for six years. After that he moved to Wichita for a couple of years and then returned to Lawrence and entered business. I have known him very well since his coming to Lawrence and think that he is well qualified in the teaching field.

Since Mr. Wood is older than most applicants for such a position, I feel that his experience should be an asset in the type of position for which he has applied. He certainly has the basic foundation for a well qualified man in physical education and recreation. Should you desire any further information regarding his qualifications I shall be pleased to write you at length.

Sincerely yours,

E. R. Elbel,
Associate Professor, Physical Education.
