ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the un-repeated message rate is charged in addition. Unless otherwise indicated on its face, this is an un-repeated message and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

1. The company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the un-repeated-message rate beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeated-message rate beyond the sum of five thousand dollars, *unless specially valued*; nor in any case for delays arising from unavoidable interruption in the working of its lines; nor for errors in cipher or obscure messages.
2. In any event the company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the sum of five thousand dollars, at which amount each message is deemed to be valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeated-message rate is paid or agreed to be paid, and an additional charge equal to one-tenth of one percent of the amount by which such valuation shall exceed five thousand dollars.
3. The company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.
4. Domestic messages and incoming cable messages will be delivered free within one-half mile of the company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for him for such delivery at a reasonable price.
5. No responsibility attaches to this company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the company's messengers, he acts for that purpose as the agent of the sender.
6. The company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing to the company within sixty days after the message is filed with the company for transmission; provided, however, that this condition shall not apply to claims for damages or overcharges within the purview of Section 415 of the Communications Act of 1934.
7. It is agreed that in any action by the company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to all the foregoing terms.
9. No employee of the company is authorized to vary the foregoing.

The Jayhawk Coach

Dr. Forrest C. Allen

One of the outstanding figures in the history of basketball, Dr. Forrest C. (Phog) Allen of the University of Kansas, begins his fourth decade as a coach this winter. The dean of American basketball coaches' record shows 23 conference championships in 30 years of coaching. Brilliant coach, author, organizer and researcher, Dr. Allen has done much for the game of basketball.

Forrest Clare Allen was born at Jamesport, Mo., Nov. 18, 1885. He played basketball when the game was in its infancy, competing on the Independence, Mo. high school team. It was there that he first met Dr. James Naismith, inventor of the game of basketball, who was coach at K.U. at that time.

In 1904 Forrest Allen entered the University of Kansas. During his college career, he lettered in basketball in 1905, 1906 and 1907, and in baseball in 1906 and 1907.

The following year, 1908, saw Allen off on the start of his coaching career, with a championship basketball team at K.U. The next year he turned out another title winner on Mount Oread. That same season Dr. Allen also was coaching the Haskell Indian team which won 19 of 24 games and the cage team of Baker University, twenty miles away.

This concluded Allen's coaching efforts for three years, while he pursued the study of medicine. In 1912 he became coach of all sports at Missouri State Teachers College at Warrensburg and his service as a coach has been continuous from that date.

At Warrensburg Allen coached a winner every year for seven years in basketball. The Mules won seven cage titles under his tutelage and the football team also enjoyed considerable success.

In the fall of 1919 he became director of athletics at the University of Kansas, and before the basketball season was over was coaching that sport. In a short time he had put the Jayhawks back up in the championship bracket, a spot which they have been at or near ever since. In one stretch, from 1922 through 1927, Kansas basketball teams won six straight championships.

Last winter a Jayhawk quintet added another bright page to K.U. basketball history by fighting its way to the finals of the National Collegiate tournament. There, a "hot" Indiana team trounced Kansas.

Dr. Allen has been prominent in the progress made by the game. He was one of the founders of the National Basketball Coaches Association and is a past president of that organization. For many years he has been a member of the National Basketball Rules Body.

As a member of this latter organization the Kansas coach has done extensive research in trying out proposed changes in the rules. He was one of the backers of the new streamlined backboards and gave a thorough trial to the Bask-O-Lite goals. For many years he has sponsored the proposal of 12 foot goals to offset the height of young giants.

Primarily through Allen's efforts basketball found a place on the program of the Olympic games in 1936. Previously he had endeavored to get basketball in the 1932 Olympics, but failing there had kept working until the game was included for the first time at Berlin.

The National Collegiate Athletic Association basketball tournament also was an Allen project. He spent a great deal of time working on the organization of this "world series" of basketball.

(more)

Published by the McGraw-Hill Co. three years ago was Dr. Allen's book "Better Basketball", a 490 page volume of "technique, tactics and tales." His first book, which sold widely, was entitled "My Basketball Bible."

Young at 55, the handsome and debonair Jayhawk coach, never knows an idle moment. His main job at the University is that of director of the department of physical education. The number of students enrolling in the four year major in this department has been increasing every year since the major was instituted in 1937.

Notwithstanding a lengthy class schedule in addition to his administrative duties, Coach Allen suits up for practice regularly. Most any afternoon he can be found in his warmup suit on the court demonstrating the things he wants done.

1940-41 Kansas Prospects

An extensive rebuilding job confronts Dr. F.C. Allen as he begins the 1940-41 campaign. Gone are four of the seven men who carried Kansas to the finals of the National Collegiate tournament. Those seven men played the majority of the time last year, the other four men who lettered seeing but little service.

From the starting lineup which faced Indiana in the game for the national championship last March only two men, Bob Allen, center, and Howard Engleman, forward, return. Replacing four men of the caliber of Don Ebling, Ralph Miller, Dick Harp and Bruce Voran is a monumental project. Miller was second high scorer in the conference last year.

Juniors and seniors are available to fill the gaps, but outside of guard John Kline they are men who have not played much. Working in the starting lineup at the start of the season with Allen, Engleman and Kline were forward Bill Hogben and guard Bob Johnson. Hogben played only one semester as a sophomore and saw little enough action last year that he failed to score a single point in conference games.

Johnson is a junior who has been shifted to guard after playing only a fair amount at forward as a sophomore. He has been looking good, but in case Johnson does not win a first string berth, it probably will go to one of several new men. Engleman is the lone real high scorer among the veterans and he has been a slow starter the past two years. Not until around the middle of the season does the former Ark City high school star get going at full speed. Bob

Piloting the team for the third year will be Allen, a remarkable ball handler and passer. Allen-coached teams have the center as a "quarterback" to run the quintet on offense and it would be hard to find a better man for this job than the youngest son of the K.U. coach.

Best of the new men this year are John Buescher and Vance Hall, forwards, and Marvin Sollenberger and Norman Sanneman, guards. Buescher and Sollenberger are the most prominent contenders for a first string berth as the season opens.

Other members of the squad likely to see action this year include T.P. Hunter, letterman forward, and two squadmen from last season, Charlie Walker and Jim Arnold, both forwards.

Biggest problems the team faces are the dearth of experience and the lack of height. The few tall men on the squad have shown a lack of natural ability.

Personal Sketches
University of Kansas Basketball
1940-1941

ALLEN, ROBERT- center- 21 -home, Lawrence; graduate of Lawrence high school, 1937; coached by Edd Wood. Now in his third year as a regular on the Kansas basketball team. Plays the "quarterback" or ball handling position, and also can play guard or forward if desired. Youngest son of Coach Forrest C. Allen. Has been playing basketball ever since he was big enough to lift a ball. Wonderful ball handler and good shot. Good enough on defense to make a good guard. Made the all-tournament team at the N.C.A.A. tournament last year. Studying to be a doctor.

ARNOLD, JAMES- forward- 21 -home, Downs; graduate of Downs high school, 1937; coached by Paul Starbuck. Outstanding player at the Class B state high school tournament his senior year. Rangy boy who did not compete his sophomore year, concentrating on his studies. Played last year, but did not letter. Good rebound man and fair shot. An honor student.

BUESCHER, JOHN- forward or center- 20 -home, Beardstown, Ill.; graduate of Beardstown high school, 1938; coached by Clyde McQueen. Potentially a great basketball player. Incredibly smooth for a sophomore. Although skinny enough to be known as "The Thin Man", he is a vicious scrapper in scrambles for the ball. Superb passer and a fine rebound man. Was interested in coming to K.U. by one of Dr. Allen's best friends, who resides in Beardstown. The star of last year's freshman team.

ENGLEMAN, HOWARD- forward- 21 -home, Arkansas City; graduate of Arkansas City high school, 1937; played under Coach Everett Nicholson. A brilliant scoring forward. Not the world's most consistent cager, but a player who can reach sizzling heights. Holds the K.U. individual scoring record at 27 points, a mark he set against Oklahoma as a sophomore. Known as "Rope", due to his kinky blonde hair. Was hot at the N.C.A.A. tournament in Kansas City last year, averaging 13 points a game in three contests. Racked up his season's high of 21 points there, against Rice. Made the all-tournament team. A very smooth ball player.

HALL, VANCE- forward- 19 -home, Downs; graduate of Downs high school, 1939; coached by Paul Starbuck and Cade Suran. A high school sensation, who averaged about 17 points a game his senior year playing with a small Class B high school. Outstanding asset is his shooting eye. Can loop them in from long range and is a good one-hand shot. Surprisingly good on rebounds. Needs polish, but has improved a good deal in a year.

HALLBERG, JOHN- forward- 19 -home, Kansas City, Mo.; graduate of Westport high school in Kansas City, 1939; played under Coach Gayle Chubb. A Kansas hope for the future. This young giant who stands 6 feet 8 inches tall is not expected to see much action this year, but may eventually develop into a good basketball player. Is too awkward now.

HOGBEN, WILLIAM- forward or guard- 20 -home, Kansas City, Mo.; graduate of Southwest high school in Kansas City, 1937; coached by Mel Bishop. Appears to have hit his stride. Did not play the caliber of ball the past two years that he seemed capable of. Best shot on the squad in practice, but a "dud" in games. This was attributed partially to the fact that he was only 19 last year as a junior. Now is playing the brilliant ball in games that he flashes in practice. Accurate shooter both from long range and close in. Smooth passer and ball handler.

HUNTER, T.P.- forward- 23 -home, Oklahoma City, Okla.; graduate of Central high school in Oklahoma City, 1937; coached by Clarence Breithaupt. An angular boy who appears awkward on the court, but who is effective. Lettered last year after being scholastically ineligible his sophomore year. Good man under the basket. Also is an accurate shot.

JOHNSON, ROBERT- guard- 20 -home, Kansas City, Kan.; graduate of Shawnee Mission high school at Merriam, 1938; played under Coach Harold Reade. Shifted to guard this season after playing forward throughout his previous cage career. A hard worker and a real battler. Lettered last year and was the best of that sophomore crop. Is fast and has a lot of drive. Should improve as he gains more experience.

KLINE, JOHN- guard- 21 -home, Hutchinson; graduate of Hutchinson high school, 1936; played under Coach "Chop" Cairns. The "muscle man" of the Kansas team. Does the heavy duty rebounding on defense and always is assigned to guard any giant on the opposing team. Is no skyscraper himself, but is big enough to handle most real big men. scales in at 195 pounds now and has had enough experience to know how to work the backboards. Has contributed materially along this line the past two years. Played a year at Hutchinson Junior College before entering K.U.

SANNEMAN, NORMAN- guard- 24 -home, Topeka; graduate of Topeka high school; coached by "Buck" Weaver. A promising candidate, despite the fact that he has only one year of eligibility. Played two years of varsity ball at Washburn College in Topeka. Was quite a scorer at Washburn. Retains his scoring ability and is improving fast on fundamentals. Has a tremendous amount of spring in his legs, which makes him a formidable rebound man. Also can bat shots away from the basket on defense.

SOLLENBERGER, MARVIN- guard- 20-home, Hutchinson; graduate of Hutchinson high school, 1938; coached by "Chop" Cairns. A promising candidate at guard. Fine defensive guard and a good rebounder. A husky boy. Handles the ball well and is a good passer. Wears glasses on the court. Had a year of basketball at Hutchinson Junior College. A standout in football and tennis, as well as basketball in high school.

WALKER, CHARLES- forward or guard- 20 -home, Hutchinson; graduate of Hutchinson high school, 1938; one of three Jayhawks who played their high school ball under Coach "Chop" Cairns. A player who has improved greatly in the past year. Got a late start at K.U. as he did not go out for freshman basketball and reported late last year. Is very smooth and has enough size to make a fine ball player. Wears glasses on the court.

April 25, 1941

Mr. W. M. Jardine
President, University of Wichita
Wichita, Kansas

Dear Pres. Jardine:

Upon my return to my desk this morning, I find your good letter of the 15th instant.

We are limited to eighteen games. We generally have eight or ten home games and as many away. We play eight away if we have ten at home. Our Big-Six Conference schedule takes care of ten of those games, and the other eight are with outside teams. The Big-Ten permits twenty games. I think twenty are not too many if you plan on playing several games during Christmas vacation.

It was splendid to see you last night and have a visit with you. I sincerely trust that Mrs. Jardine is feeling much better.

With kindest regards, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach

FCA:lg

P.S. It was necessary for Dr. Allen to leave on a baseball trip before this letter was written. He asked that I sign the same and forward it to you.

Secretary to Dr. Allen

UNIVERSITY OF WICHITA
WICHITA, KANSAS

OFFICE OF THE PRESIDENT

April 15, 1941

Dr. Phog Allen
University of Kansas
Lawrence, Kansas

Dear Phog:

Would you mind telling me confidentially or otherwise how many games of basketball you schedule your team to play in any one season? How many are within the state? How many on your own campus and how many out of the state? That is to say, how much travelling do you allow them to do?

Our team played some 23 games last year. I think that is too many games. Am I right or wrong?

Thanks for any help you can give me. We will be seeing you one of these days down here.

Cordially yours,

W M Jardine

W. M. Jardine

March 14, 1942.

Mr. George Edwards,
University of Missouri,
Columbia, Missouri.

Dear George:

I am sending you a copy of my letter to John Bunn as of April 25, 1940, also his reply to me dated April 30, and also Prof. W. B. Owens letter to him as of April 29 and H. G. Olsen's letter as of April 26. There is a large file of this correspondence, so I will not burden you with a lot of it. However, I believe this correspondence shows evidence enough that Olsen, Bunn and I met, with Olsen as chairman, and worked out a rate of distribution for the teams and for the N.C.A.A. And it was wholly Olsen's failure to transmit the action of our committee to the Executive Committee of the N.C.A.A. for action. He had a year to do this, and had he done it we would not now be in the predicament that we are in.

Olsen had represented to Bunn and to me that we could have this money earmarked not only for the Olympic fund but earmarked for basketball.

I do not want to have you feel that I am vindictive in regard to Olsen's failure to carry through, but I do believe that when an individual is given a responsibility he should be held accountable especially when our committee of Olsen, Bunn and I had spent a great many hours getting together on this proposition.

And what makes it even more striking is that St. John, his boss who is one of the high priests in the N.C.A.A. Council, and Major Griffith and the president have the fate of the N.C.A.A. in the hollow of their hands. Therefore, I see no reason why he shouldn't bear the burden of this failure.

You will notice in John Bunn's letter that he was under the impression that only the Big Ten and the Big Six had the idea that playing in Madison Square Garden was contrary to the spirit of things. The N.C.A.A., as Bunn says, had no objection to it.

Armed with the findings of our basketball committee I went to Oklahoma City and met with Henry Iba, Tom Stidham and Bruce Drake and sold them the idea of sticking with the N.C.A.A. even though Madison Square Garden made more lucrative offers. And Iba is still sticking in the face of all that has gone before.

It was necessary for me to met in Chicago with the Executive Committee of the N.C.A.A. in September, and both Olsen and St. Clair prior to the meeting had been told by St. John and Griffith that there was no chance to get the division that we are now sharing in. I told Olsen and St. Clair that I was going to tell the Executive Committee exactly the true status of things and that we had represented to our N.C.A.A. group that they would share in part of this money, and if I had misrepresented the thing there was only one thing for me to do, and that was to get out; and therefore, I was tendering my resignation.

Neither Olsen nor St. Clair put up any sort of a scrap. The Executive Committee group then said, "Would you people be willing to wait outside until we can have a meeting, and call you in?" The plan that we are now operating on was a compromise plan precipitated by the very strenuous objection that I made. I made the charge that it was unfair and not in keeping with what our committee had been led to believe was something the N.C.A.A. would go along with. Although I did not say it then, I felt as if I should say to the committee that had Olsen done his job we would have had some workable plan and it would not have been necessary to cause this unpleasant situation.

I am giving you this for what it is worth to you. Any statement that I make can be backed up by correspondence with John Bunn.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
