

July 14, 1941.

Mr. R. P. Perry, Director,  
Division of Arts and Sciences,  
Prairie View State Normal and Industrial College,  
Prairie View, Texas.

Dear Mr. Perry:

In reply to your letter of July 10 I am very happy to submit to you the name of Chester Hynes for the opening you have for a colored man in physical education.

Mr. Hynes majored in our Department of Physical Education here at the University of Kansas, receiving the degree of B. S. in Education in 1940. During the past year his time has been spent on work toward the Master's degree, and this summer he is working on his thesis. His graduate studies have been in education and advanced biological sciences.

Mr. Hynes is a good student, has a splendid personality, and is a young man of clean habits. We feel that he is very deserving of your serious consideration.

We are asking that our Teachers Appointment Bureau send you Mr. Hynes' credentials. If you desire any further information concerning this candidate feel free to write me.

Sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.
