

August 1, 1941.

Mr. John M. Sullivant,
Field Collector,
International Harvester Co.,
Liberal, Kansas.

Dear Milt:

Thank you for your good letter of the 30th ultimo giving me information regarding one of your dealers who has a son who coaches at Little River, Kansas.

We have two boys, Ramie Beims and Charles Dalrymple, whom we think are fine coaching material. I am sending you a folder so that you might present this to your dealer and he in turn can refer it to his son. Ramie Beims is at Atwood, Kansas, and Dalrymple is in school but will finish the work for his degree here on Wednesday. These boys minored in social sciences.

Tell your dealer that we will be very glad to have his son communicate with us with a view to locating one of our boys.

Thank you very much, Milt, for writing us and I am glad to learn that you are getting some of the practical side of your law work. Mit is still pegging away and he is looking forward to next summer school when he expects to graduate. I kid him and tell him he may practice patience for a long time, but I hope not.

This good wish goes for you in your success.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
