Dear Phog:

I am working as field collector for the International Harvester Co. for the Hutchinson branch. My headquarters is Liberal, Kansas, I have two counties, Meade and Seward. Like the work fine and this is certainly a fine Co. to work for. I have learned more law this summer than I did in the two years in school, I have to do quite a bit of work at the courthouse checking chattel records, taking mortgages on more security and etc. I expect to return to school this fall and get my law degree. The IHCo. can assemble the finest looking bunch of men I ever witnessed in one organization.

One of the dealers, whom I must contact in my work has a son who coaches at Little River, Kansas. They are looking for a man to assist with the coaching. He must be able to teach either Science or Math. or perhaps both. I don't know the size of the town or even its location.

I thought you might like to know and it may be worth inquiring into. Perhaps you could place some K.U. boy.

Very Truly Yours,

*John M. Sullivant*
