

August 5, 1941.

Mr. Kenneth S. Adams, President,
Phillips Petroleum Company,
Bartlesville, Oklahoma.

Dear Boots:

Thank you very much for your good letter regarding Chester Gibbons. I can understand the difficulties that you labor under and I really did not want to burden you with this, but Chester Gibbons is such a fine fellow I did want to help him.

Since Chester was primarily a football man I asked Vic if he would not write you and boost him. Chester has not been in any sport but football, and I felt the sporting thing to do would be for the football coaches to help him a little bit. He is a very bright little fellow from LeCompton, Kansas, and he has had no soft jobs while he has been in school. So I wanted him to have the reward that comes from sincere and hard effort. I will appreciate anything that you can do for him if it ever comes your way.

Congratulations on your son Bud enrolling at K. U. this fall. I am pleased beyond measure and I know that Bud will be a fine student and a swell athlete. Anything that I can do for him at any time will be a great pleasure. And we are glad that we are going to have one of your children in Lawrence so that you will be in Lawrence much more often than you have in the past. We have an excellent Petroleum Engineering Department, and Professor E. A. Stephenson is just about tops, in our opinion.

With all good wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
