Dear Phog:

Thanks so much for your nice letter of the 31st in reference to Chester Gibbons. A few days ago I received a letter from Vic Hurt regarding Gibbons and referred it on to Darrel Phillips, our Personnel Director, for consideration.

We are overloaded on men of his background, our largest shortage being for technical men, especially engineers. However, we will be glad to consider him on account of his fine recommendations from you and Vic.

Don't know whether I told you or not, but Bud is going to enter K. U. this fall as a Sophomore in the Petroleum Engineering School. He spent last year at Menlo Junior College, and had a good year as far as his academic work and athletics are concerned. No doubt I will be in Lawrence more often in the future than I have the past few years, and I shall look forward to the pleasure of seeing you.

With kindest personal regards, I am

Sincerely yours,

KSA:TEK
