Dear Mr. Eble:

I have passed on your letter and application
blank to Mr. Gordon Gray, who was one of our stellar
Varsity Basketball Players and polevaulters.

Gordon, after his graduation, went south and taught
for four years at the Harlingen, Texas Public Schools. He
is back now working on his Master's Degree and is employed
as our Freshman Basketball Coach and also he assists me with
the Varsity.

I will recommend him to you without reservation.

With all good wishes, I am,

Mr. Paul Endacott
Executive Vice President
Phillips Petroleum Company
Bartlesville, Oklahoma

Dear Paul:

I just had a conversation with Howard Engleman and he is quite anxious to affiliate himself with your fine corporation. I told Howard that I would write you and say a few words in his behalf, hoping that it might be possible to arrange something for this very promising young man.

Howard Engleman is a brilliant student as well as a great athlete. He has never given me one minutes concern in his three years of Varsity playing. He trains perfectly. He is one of the most loyal and cooperative boys that it has ever been my privilege to coach, and he is modest to the extreme. He has brilliant ability not only in the classroom, on the athletic field, but he is one of the most popular men on the campus with his fellows.

At the present time he is President of the Senior Class in the School of Business. He has worked consistently three years in the intramural set-up here and Dr. Elbel counts him one of his steadiest of dependables in officiating and in the administrative work of the intramural department. Howard has been one of those boys who has not depended on his athletic ability to help him keep a job. He works at 35¢ an hour, and the fact that he has had to work on account of his mother being a widow has caused him to be self-reliant, dependable and quite careful with his expenditures.

Personally, I would want no finer boy either in the business or in the athletic realm. He is one of the finest basketball players that I have seen and he depends upon skill and intelligence to get him to the high vantage point that he has attained.

If this letter should not be directed to the right person, I would thank you to turn it over to the proper party. Of course, I could have written Chuck Hyatt, but I was sure Chuck knew of his athletic ability. I wanted you to know of his dependability, integrity and exceptional accomplishments so that you might evaluate him in a business way. He will never disappoint you, Paul, and I know under the guidance of the young executives that you have in your Company, he will blossom out into one of your outstanding young men should he be given a business opportunity.

My kindest regards to your associates and I would also like to be remembered very kindly to your lovely family.

Sincerely yours,

My Dear Sir:

I desire to commend to you Don Thompson, a senior in our University of Kansas from our School of Education.

I have known Don Thompson for about eight years. He graduated from the Lawrence Memorial High School in this city. Don is 21 years of age and a varsity track athlete. He has competed three years on the varsity two mile team in the fall and on the varsity track team in the spring. His events are the 880 yard run and the mile. He has also run on the medley and the four mile relay team.

Don Thompson has been a boy who has had to work his way through college. He is a very earnest young man and desires to enlist in the Air Corps.

During the summer session I have under my control the recreation of the summer school and Don has worked for me at that time and has given splendid satisfaction.

I trust that he will have an opportunity to serve his nation in this time of crisis. I will appreciate your careful consideration of this young man.

Dear Friend "Phog":-

After conversation with you yesterday relative to your talking at a dinner which we are giving here for the basket ball teams, both High and Grade Schools, we have set April 10th as the date preferable. That is one of the two dates you had open.

Personally I surely appreciate your coming to our small town for this little honor we desire to pay to the boys. I know that your presence and the talk you give them will make their basket ball experience mean more and open their eyes as to the value of clean athletics in the development of our youth.

Will you ask your Secretary to drop me a card confirming this date.

Dear Mrs. Bronson:

I am very happy to write you concerning Albert Wabaunsee, a senior student in our University of Kansas. As head of the Department of Physical Education at the University here, I have come into close contact with Albert Wabaunsee having had him in two of my academic classes. At the present time he is playing second base on our varsity baseball team. I am the coach of the baseball team.

I know Albert very well and I find him to be a very honest, sincere, and dependable young man. He is clean, personable, and has a definite desire to succeed. He is energetic, has a fine sense of humor, and it is my opinion that he is a very safe and valuable young man to deal with young people. I would recommend him to you without reservation and I firmly believe that he would be a fine example for Indian youth.

Over thirty years ago I coached at Haskell Institute and I learned to know the fine qualities in Indian youth. I would say that Albert Wabaunsee has all of these admirable qualities that I found so desirable in outstanding young men at Haskell Institute.

Mr. Ernest B. Smith
Director of Physical Training
Southeastern Air Corps Training School
Montgomery, Alabama

Dear Mr. Smith:

I desire to write you concerning the character and ability of Mr. John Cress, a graduate of the University of Illinois, and an assistant instructor in our Department of Physical Education.

Mr. Cress is here on a fellowship this year. He has thrilled our Physical Education majors by his exceptional ability, and his highly developed skills on all pieces of apparatus in the gymnasium.

Mr. Cress has a pleasing personality and has exhibited a splendid attitude with the men under his teaching. He is cooperative, resourceful and has qualifications that an administrator highly desires.

Doubtless you know that he was a member of the National Champion Gymnastic Team at the University of Illinois. Since his coming here, interest in gymnastic skills has quadrupled. All the members of the Varsity Football and Basketball teams, who are majors in physical education, are enamored with his work. I mention this because of the fact that many so-called athletes rather look with disdain upon bar work, but since Mr. Cress' coming he has enthused this type of athlete until they work at it with enthusiasm comparable to their athletic achievement.

We have been more than pleased with Mr. Cress' presence on our staff and we regret to see him leave except for the fact that he is enlisting to serve his country.

At our budget conference our committee recommended an increase in salary for Mr. Cress should he have stayed.

I am happy to recommend him without reservation or evasion. He is one of the best qualified men that has come to us in a long time.

Sincerely yours,

Dear Major Griffith:

I have been asked by Don Elser, the Notre Dame athlete who coached here at St. Benedict's College with unusual success, and who is now teaching in the Horace Mann School in Gary, Indiana, to write you concerning his qualifications as a basketball official.

I am happy to say that we used Don Elser in several games for the past three years and we have found him an excellent official in this sport. He is alert, aggressive and commands respect of the members of both teams. His bearing on the court is pleasing and he is dominant, yet not in an irritating way. He runs the ball game yet he does not arouse resentment from the spectators or the players.

Don knows basketball and he knows how to officiate it. He has given very excellent service in our territory.

I am happy to write this testimonial regarding Don Elser's personality, efficiency and attitude on the court.

Smith Center Public Schools
Smith Center, Kansas

Dear Supt. Allbert:

I have been requested by Mr. J.W. Greene, one of our University of Kansas graduates, who is located in Phillipsburg, Kansas, to write you a letter concerning his character and ability.

I know of no young man in the coaching field who sets a finer example to young men than "Bill" Greene. He is an all-round athlete, having served most proficiently in Varsity Track.

He was also a fine basketball player and he served as assistant trainer to my Varsity. I have been rather fortunate in developing such trainers as Jimmy Cox at Harvard, Roland Logan at West Point, Elwyn Dees at Nebraska, Milton Kelly at the University of Texas and Dean Nesmith at Kansas. Mr. Greene assisted Dean Nesmith and I was happy to be in a position to help him in his work. This talent that he has would be especially valuable to the young men on your athletic squad.

While Mr. Greene has never played on our Varsity squad he was on our Freshmen squad and I had him in a basketball class. I am very sure that his close association with me and any added work that he would take this summer in basketball would well qualify him for a position in your school if you are interested.

I will be glad to answer any questions concerning Mr. Greene that you might wish to ask.

Well I see from the Kansan they have dumped another job into your lap, and in spite of a hundred other things you have to do, I'll bet ten doughnuts you love it. In a year or two I expect Kansas to dominate the Big Six baseball circuit.

Doctor Allen I would like to ask a favor of you. I am making application for a regular army commission, right now as you probably know I am only a reserve officer. This summer the Army plans to give 100 reserve officers regular commissions, and I am taking a crack at it.

With the applications we turn in we are required to have three letters of recommendation. I wonder if I could get one from you? With your national prestige I am sure a letter from you would carry a lot of weight. The army is interested in what people thought of our character and ability before we joined the army.

If you see fit to do so, I would greatly appreciate hearing from you as soon as possible as the applications are supposed to be sent in by the first of May.

I have known Maurice Cannady for years, both as an undergraduate and as a graduate student of the University of Kansas. Cannady is a highly personable, is fine working, has a way about him that wins the respect and friendship of men with whom he comes in contact, and he is, undoubtedly, an exceptionable individual. As a Varsity football player here in the University, he was outstanding. He knows the value of loyalty and cooperation to his superior. His attitude towards his superiors is most commendable, and while a member of the team, he kept in strict training and aided in developing a spirit of esprit de corps that was most pleasing.

I recommended him for a position in the Lawrence Public School System and he's done a splendid job. His scholarship is superior and his fine physical body attracts attention. His posture and bearing impress those with whom he comes in contact. He is neat, courteous and capable, and I am very happy to recommend him without reservation as an instructor, a coach, or a personal executor.

Dear Ralph:

This will acknowledge receipt of your letter of June 14th, and I purposely delayed answering same until I could get the "dope" on what the definite situation was at Stanberry.

My dad has lived up there for a long time and is quite influential in the community. Also, my very best friends are on the School Board and last year we had a job of coaching all lined up for Dan Rhule but he took the Herington, Kansas job instead.

The coach they had was from Tarkio, Missouri and not one hundred percent satisfactory so I immediately thought of getting a K. U. boy fixed up. However, it seems that there is one difficulty at this time; and that is, that one of my good friends, who is on the School Board, has a daughter engaged to a fellow who is graduating from Maryville Teachers College and who wants a job. In view of this, it looks like you came out second. However, this boy is over 21 and with no dependents, so it looks to me like he is practically a cinch to go in the army.

I realize you can't sit around and wait until this boy gets drafted as you undoubtedly will have an opportunity to get other jobs just as good as this one. However, in the event anything happens that this other boy cannot take the position later on, or that he sees he is going in the army soon after school starts, I will immediately get in touch with you and if you don't have something I am positive we can fix it up.

-2- Mr. Ralph N. Dugan

June 21, 1941

I am sorry I wasn't able to do better than this. Ordinarily there wouldn't be anything to it, but this is a tough break. Everyone says that you would be fine for the job, and while it is a little town and you wouldn't get rich, I think you would enjoy it. Hoping to have the opportunity of meeting you some time, and with kindest regards, I am
