

Mr. Raymond Swanson took his Master's degree in our department of Physical Education in June, 1939. He did excellent work, and showed promise of becoming a fine teacher. He is now in his first year of teaching, and we learn that he is most successful.

Mr. Swanson is very conscientious in all his work; is mentally alert, cooperative, of high character, and in his daily living sets a fine example to young men. I am very happy to recommend him.
