May 16, 1939.

Mr. Howard Hobson,
Basketball Coach,
University of Oregon,
Eugene, Oregon.

Dear Hobbie:

I have definitely decided that I would not ask the Conference to make an exception for Kansas to play in Kansas City this coming winter. I feel that I might prejudice the case by opening up this matter for all schools in the future, and if they would turn us down then it might close the door to a larger policy that would come by our not having tried to force it.

For that reason I think I will forego the request. I would like mighty well to have played you, but apparently it is not in the cards for this year. Maybe it will be sometime in the future, we hope.

I trust that you will have another great team, as you have had this past year.

With all good wishes, I am

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.

Lawrence, Kansas

Dear Coach Allen:

Thanks very much for your nice letter of May 6. I am very sorry that we could not get together for a game this coming winter.

I have not as yet filled the date of December 27, and if it should be that you can get permission to play the game in Kansas City, I wish you would still keep us in mind and let me know. One or two schools have contacted us for that date, but I do not believe we will accept anything until after your meeting the latter part of May.

With best wishes, I am,

Yours sincerely,

Howard Hobson

Howard Hobson
Basketball & Baseball Coach

April 15, 1939.

Mr. Howard Hobson,
Basketball Coach,
University of Oregon,
Eugene, Oregon.

Dear Hobbie:

I am leaving early this morning for Kansas City where the Big Six coaches are meeting to make up the basketball schedule for next year, but I want to get this note off to you to assure you that we do want to play you here at Lawrence some time during the Christmas holidays.

This would be a fine opportunity for two state universities, with the same traditions, to meet on the basketball court. While Kansas cannot compete with the scenic Great Northwest, we do have much natural beauty in our state. The University is situated on top of Mount Oread, with a wonderful view across both the Wakarusa Valley and the Kaw River valley. I know that your boys would enjoy their visit here.

Since our game would be played during the Christmas holidays we would not have the student attendance that we would have some other time, but I can assure you there will be tremendous interest in the game. If we can possibly arrange to play the game in Kansas City I know there would be a great crowd to witness the game. However, our Big Six Conference has a ruling prohibiting our playing any games not on home courts. If there is any possibility of this rule being changed, so that we could play in Kansas City, I will do the best I can to arrange it. We would have a big drawing and of course would split the gate receipts with you fifty-fifty, in addition to the guarantee.

I want you to know what great pleasure it gave me to be with you in San Francisco. I enjoyed our visits very much. At Northwestern I sat with Piggie Lambert and watched your game, and could see that Ohio didn't have a chance. You have a great bunch of boys, and I know that you are very proud of them.

I shall be glad to hear from you again, suggesting possible dates for our game.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

April 26, 1939.

Mr. Howard Hobson, Basketball Coach,
University of Oregon,
Eugene, Oregon.

Dear Hobby:

I am very glad to receive your good letter of the 21st instant, but I believe you have got us a little high on the financial scale when you talk of $750.00, especially on the date of December 27.

Our conference, as it stands now, does not permit us to play off the college campus. However, if we could get the conference to weaken and permit us to play a game in Kansas City, Kansas, we might make some sort of financial arrangement to play on that date. We have a medical school in Kansas City, Kansas, and if we could get them to construe the interpretation so as to take in Kansas City, Kansas, as a city in which our college is located, then that would be highly agreeable to us. Our conference says that all athletic contests must be played in the towns in which the college is located. That is, our so-called home games.

Kansas City, Missouri, would be the ideal location, but our conference has refused to let us play games in cities where the college is not located. I will make every effort to see if I can get this across, but our meeting of the conference is not until the third Friday and Saturday in May so we would possibly have to wait on action from them.

In the meantime, would you be kind enough to send me the schedule that you are contemplating on your trip? Any date soon after Christmas is not a good date to draw a crowd. However, it would be a great pleasure to play you, and I want to do so if at all possible.

I assure you it was a great pleasure to do anything that I could to cooperate with you in your play-off games.

I am leaving for New York Friday for the Rules meeting. I will be with John Bunn and Ole and the rest of the group at that time, but I presume there will be no radical changes in the rules.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

April 21, 1939

Mr. Forrest C. Allen
Basketball Coach
University of Kansas
Lawrence, Kansas

Dear Forrest:

Thanks very much for your nice letter of April 15. I was away when it arrived and this accounts for the delay in answering.

I agree with you that it would be fine if we could get together for a game this year. The tentative arrangements for our trip would make it possible for us to offer you the date of December 27 in either Lawrence or Kansas City, preferably the latter, of course. Since we are playing but a few games on our trip this year and the Athletic Board wishes it to be self-supporting, could you give us a guarantee of $750.00, with an option of 50% of the net? Please let me know if this date and guarantee would be satisfactory.

I wish to most sincerely thank you for the many favors and courtesies extended to our team and to myself during our stay in San Francisco and Evanston. I also appreciate your kind remarks about our boys, and your interest in them.

Very best wishes and kindest personal regards.

Yours sincerely,

Hobby

Dear Dr. Allen:

Just a line to thank you for the many courtesies and favors extended to us during our visits in San Francisco and Chicago. I hope that we will be able to arrange a game with each other on our trip next winter. We are playing in New York and Philadelphia on December 16 and 18, and would like to arrange a game with you on the way home. Please let me know what your open dates might be. Our best dates would, I believe, be around December 26 or 27.

With very best wishes, I am,

Yours sincerely,

Howard Hobson

Dear Doc:

Did you get my letter of some time back telling you that due to the change of our game,from the afternoon to the night session, that I would be unable to work your game there Jan.12th.with Kansas State.

I am not usually surprised at what you accomplish with your Basketball team but you did fool me in your game with Oklahoma.Not the victory,but the size of the score.

Very sincerely yours,

R.E.Peters.

FIRST AGAIN — CHEVROLET FOR 1940

A Different Team Emerges

The originator of the old "age of miracles has passed" saying must not have known Kansas State's youthful basketball coach Jack Gardner and his methods of developing a Big Six basketball team. Wildcat fans will see tonight a vastly different team than the one that began the season not many weeks ago. When the Gardner squad clashes with Coach Harold W. Browne's elongated Nebraska Cornhuskers in Nichols Gymnasium the K-Staters will at long last feature a semblance of the style of play for which the west coast is famous.

•

While the Nebraskans tower high above the court and specialize in the unexpected, Kansas State can point to a definite improvement since the season opened. Preseason prognosticators predicted the Huskers and the Kansas State team would be fighting each other for the Big Six basement spot.

•

Surprisingly enough, both the Wildcats and the Cornhuskers have shown their opponents they didn't appreciate the rating. Nebraska hadn't read the papers to the effect the Iowa State Cyclones were supposed to trim them, consequently didn't oblige the deflated Iowa Staters with anything but an upset victory. After beating Stanford, rated one of the nation's best teams, the lengthy Huskers ccoled to the extent where Missouri's co-champions of the Big Six last season were able to win going away.

•

On the other hand, Coach Gardner's Wildcats, before tonight's game, are without victory and are determined to use a little of their agricultural knowledge to "husk the Huskers." The Kansas State team has also played the country's best, losing to Kentucky University and DePaul University of Chicago. The Wildcats pushed Oklahoma's "Boy Scats" until the last seven minutes of the game when Coach Bruce Drake's company pulled away from the tired K-Staters. "No Chance for Wildcats" was the sentence on every Kansas University fan's lips but the Jayhawkers had to cash in on a free throw in the final four-seconds of the game to beat the stubborn Kansas State team.

•

The tall Nebraskans, to quote Webster are: "high in stature, reaching upward to a great height relative to the diameter of lateral extent." Al Randall, elongated pivotman, stretches six feet seven inches into the atmosphere. Don Fitz and Sidney Held, guards, both are in the "substratosphere" class, standing six feet four inches above the court.

•

Frank Tallman, a forward, is a mite at six feet one inch and Harry Pithcaithley, the other forward, is the team's baby. He is only five feet ten and one-half inches tall. Pithcaithley, however, early this week ranked second among the conference scorers. He has averaged 9.5 points per game in the two contests thus far this season.

•

With Melvin Seelye and Norris Holstrom, guards, in the "Trojan" roles, ccach Gardner has developed a defense that the two Big Six opponents played were not able to penetrate effectively for clear shots at the basket.

•

Erv Reid, veteran at center, has found his practice range and is due to start blasting the backboard. Chris Langvardt and Robertson are in the forward spots and can rip the netting at the slightest provccation. Danny Howe and Jack Horacek, a pair of point-makers from the sophomores, can relieve handily at forward.

•

The Huskers and Wildcats split their two-game series last year and each is using a new system this season. Coach Browne substitutes players like Elmer Layden of Notre Dame. An entire team of Cornhuskers will report to the officials.

Tonight's game will be the "battle of the basement," and Kansas State fans are hoping their coach will be cast in the role of "Jack-the-Giant Killer."—M. D. H.
