Mr. G. I. Myers, Superintendent,
Pilot Employment and Training,
United Air Lines,
Municipal Airport,
Oakland, California.

Dear Mr. Myers:

I have known Robert E. Laub, who is a graduate of the Engineering School of the University of Kansas, for some ten years. I knew him when he was a student at Northeast High School in Kansas City, Missouri.

Later, when he attended the University, he participated in football and basketball on the varsity teams.

Laub is an excellent student, has an exemplary character, and his background has been such that he has always had to struggle for all that he obtained. He worked his way through the University of Kansas by dint of sheer courage and stick-to-it-iveness with much ability. When in college he did not use alcoholics nor narcotics, and I presume that he is still a very clean liver.

He is a very fine young man and I recommend him without reservation.

Sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
