

Dr. Allen -- Well, this has been a very interesting discussion. It has been a healthy one because you students have spoken out and emphatically declared yourselves, both for better and improved intramural athletics, as well as for a more intelligent and loyal support of Kansas Athletic teams. All of us know that we can do a lot better when people show us that they are interested in us.

I want to thank you, Jean, for your contribution to this intramural fire-side chat, and you too Bill Fitzgerald, sports editor of the Daily Kansan, I thank you. By the way, Nelson Sullivan, you are on for a two-minute announcement of the intramural sports results on Mt. Oread. You tell 'em.
