

July 28, 1939.

Mr. Earl V. Foster,
Graduate Manager,
State College of Washington,
Pullman, Washington.

Dear Mr. Foster:

I am sorry that I have delayed so long in replying to your kind letter regarding a game with your team this coming December. The dates you mention - December 26, 27, 28 - come during our Christmas vacation, and at that time we do not have many students on the campus.

Our Christmas holiday period extends from December 20 to January 3. If it should develop that you might be coming our way either before or after this time I should be glad to hear from you again. It might be possible that we could arrange a game.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
