Mr. F. M. Rogers
Attorney at Law
Wellington, Kansas

Dear F. M.:

Thank you very much for your words of congratulations and may I extend my sincerest to you and your two fine sons for their wonderful work with Wellington. I have had many people, who were fortunate enough to witness the tournament, tell me that your one son, and I always get them mixed up, was the outstanding player of the whole tournament. You tell both of those fine boys that I was sorry that I did not have a chance to visit with them more after the Iowa State game, but we were delighted to have them and we are counting on them for our Varsity when we meet Oklahoma, Missouri, Nebraska, Kansas State, and Iowa State. We are in a splendid conference and we certainly want the Rogers boys on the K.U. Varsity.

Some day when I am in Wellington--and I do not know how soon that will be--I want to stop by for a visit.

With appreciation and best wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
