

3-26-46

Dr. Allen:

I called the Recreation Council to tell them that you have a cancer meeting Thursday and they had already noticed that there will be a dinner meeting for the Cander Drive Thursday evening, and therefore, have counted you out as being present. However, they asked me to give you a note asking you to be present at the business meeting at the Community Building if you get out of the cancer meeting in time.

M. French
