Dear Doc:

When I returned to my office after several days out searching for teachers I found your excellent letter concerning Major B. L. Roberts. Your interest in the Kansas City problem is indeed appreciated and since it is very probable that we will have at least one and possibly two vacancies in the physical education department we shall gladly contact Mr. Roberts if you will give us his address. Thinking that it might be helpful for you to contact him, an application blank is enclosed. We hope to hear from Mr. Roberts and we are always glad to hear from you.

If there are other physical education majors at the University of Kansas or elsewhere that you are willing to recommend we shall be happy to send applications to you for them or write to them directly if you furnish us their addresses. You know, I believe, that teachers entering the secondary schools of this system must have completed the requirements for a Master's degree.

Kind personal regards.

Sincerely,

(Signed) C. S. Robinson
