Dear "Phog" :—

Enjoyed your letter much - all's well here - Fever wounds arriving & that's fine - Hope hostilities cease out there - I've seen my pile of men who were shot up -

Hardly seems possible that Autumn is creeping up - altho' it is a good feeling to know that soon will come good contents and happy voices which one finds only on a good campus - I hope that the good forces soon find my work unnecessary here & kick me out -
