**AMERICA'S LARGEST PRODUCERS OF HONOR ROLLS**

564 WEST LAKE STREET • CHICAGO 6 ILLINOIS

Gentlemen:

All over the country Organizations like yours, with characteristic patriotism and civic-mindedness, are energetically promoting the Community Honor Roll idea. No doubt you have something of the same sort in mind.

It's difficult to imagine a more laudable undertaking; our boys (and girls) in the Nation's armed forces truly deserve public recognition--and recognition in worthy form.

That's where we come in. On the basis of quality alone, we have grown to be America's largest producers of Honor Rolls, custom-built to meet any and every need. Outdoor cabinets, thoroughly weatherproof, are a particular specialty of ours. Some of these are illustrated inside. . . We furnish gold-stamped name-panels, too, at trifling cost.

When your Club lends its prestige and its effort to the sponsoring of such a splendid project, you want to be sure that your Honor Roll is one of which your members and the entire community will be proud. It is our business to see to it that just such an Honor Roll would be yours!

Suppose you let us know your requirements--the number already in the Service and the approximate total to be provided for. Give us a brief description, if you will, please, of the place in which you propose to erect so proud a tribute to your local patriots.

Then we'll supply, without slightest obligation of course, some suggestions, quotations, perhaps a sketch--and will be grateful for the opportunity.

Sincerely yours.

*Norman Meyer*

Director of Sales

NM:SP

**FOR YOUR OWN ORGANIZATION:  
Please note the Honor Roll Plaque  
pictured on the back page. It's  
impressive, enduring, inexpensive.**
