Mr. Harold L. Reade,  
Coach, Shawnee-Mission High School,  
Merriam, Kansas.

Dear Harold:

Those knee pads that you asked about were bought about three or four years ago from Milton W. Kelly, a former K.U. man, and now trainer at the University of Texas. He made them at that time, but now of course is unable to get the materials. I doubt if any like this will be available until after the war.

Sincerely yours,
