

transmission" program

for the entire unit, the
famous "Rock-Check" song
came on - just the music -

I called the unit to attention
& they stood silently

thru' the entire piece -
after it had finished I

told them to "carry on" - no

one asked me why we

were called to attention, not

even the Commanding Officer -

But later on a little fellow

from K.C., Mo - came to me

and said "Even tho' I'm from

Minyon, that old piece sounded

mighty good, & I won't tell anyone

why you called them to attention" - How's

that for a "scoop"

yours
