

Harold Reade has the following work in the Graduate School:

10 hrs.	in Education
14 "	" Physical Education
<hr/>	
24	

Needs 6 hours

Has no credit for Thesis, as yet. This should probably be in Education to balance the credit in the two departments.

Started his graduate work in the summer of 1938; therefore he must complete it in the summer of 1944, to keep within the time limit.
