Professor F. A. Russell,
School of Engineering.

Dear Professor Russell:

Thank you so much for bringing the height chart over to us. This is something that we can use to splendid advantage. I have long wanted something such as this and it remained for you and Dean Jakosky to deliver the same.

You will please find enclosed a note of thanks that I have written to Dean Jakosky.

I assure you I appreciate your helpful cooperation.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
