Mr. Otto Rost,
6200 Oleatha St.,
St. Louis, Mo.

Dear Otto:

This will acknowledge receipt of your wire last evening. I immediately phoned the Delta Tau boys and told them that Wulfemeyer is going to Washington University.

Otto, regardless of what Kenneth might tell you, I very definitely had taken care of regarding a job and all details of his situation. All I can say, he just got homesick and then alibied to you. I have never been more specific and kindly to a boy, leaving nothing to his imagination. He is a fine boy, and I liked his looks. I told him that I was going to put him in the varsity room so that he could deal with more mature people. I really was going to take a tremendous interest in this boy and put him in one of the best coaching jobs that I could find for him.

Well, I am not sore but I am terribly dissappointed in him, but whether he is the loser or not depends upon what he will do at Washington. Personally, I planned to put him in one of the best coaching jobs that I could locate for him, so somehow I feel that he wasn't willing to pay the price to get something big.

I want to thank you, Otto, for the kindness that you showed in endeavoring to locate him at the University of Kansas. You felt when I talked to you that he rather sold you short. So it is on your account that I feel badly. So far as I am concerned I will not worry much about my material because somehow we will get together five boys who will still wear Kansas on their breasts and they will do pretty well, - I hope.

With all good wishes to you and your family, I am

Sincerely yours,
