Dear Mr. Allen:

Mr. Howard Williams of our company has advised he was in touch with Mr. Eddie Hickey of Creighton College, Omaha, and discussed with him the matter of athletic rates at the Fontenelle when your team plays here March fourth next.

We previously quoted you a rate of \$1.75 per man, two men to a room with twin beds and bath, but Mr. Williams advises you wish these accomodations at \$1.50 per man, or a total of \$3.00 per room.

If you will advise us the approximate time of your arrival, the number of persons in your group and the length of time you will be with us, we will make definite reservations at the \$1.50 rate for the twin bedded rooms.

Trusting we may have the pleasure of hearing from you soon and with best wishes for the coming Holiday Season, we are

Dear Dr. Allen,

Enclosed is a list of basket ball players examined and the pathological findings noted. None of them are of great significance. The routine examination of basket ball players included urinalysis and x-ray of the chest, in one case (Mosser) fluoroscopy of the heart and in one case x-ray of the right knee (Hartman).

We do not routinely give a chest x-ray with the yearly examinations but have done so on the basket ball players each year to make sure there was no undiscovered heart or lung pathology and as a matter of record. I believe every athlete should have a chest x-ray at the beginning of the season.

Sincerely,

We must find two more games in order to finance the trip. Will you please meet us either December 15, 16 or 23? If you can do so, please wire us collect upon receipt of this letter. We will be glad to give you a game in Des Moines either next year or the following year on the same terms.

Mr. Milton Kelley, Trainer, Athletic Association, University of Texas, Austin, Texas.

Dear Milton:

We are in need of one and one-half dozen Kelley Knee Pads, and we want some with fresh elastic in the back. I thought perhaps if we ordered direct from you the Kelley family would get 100% profit, instead of sharing it with a "middleman". You will, of course, receive the requisition from our Athletic Association.

When we order knee pads from Spaldings usually the elastic is old.

Our first game is on Tuesday, December 5th, with Oklahoma A. and Mr. and we would appreciate your very early attention as we want the new knee pads for this game.

STANFORD UNIVERSITY, CALIFORNIA

November 13, 1939

Dr. Forrest C. Allen University of Kansas Lawrence, Kansas

Dear Doctor Allen:

Southwestern University seems to be sort of a glorified business college with a law division and of questionable standing. The school is housed in a down town building in Los Angeles and is engaged mainly in night school work. One of its instructors, a Mr. Husband, has been one of the leaders in our recent "ham and eggs" campaign.

The list of games which they present on their schedule appears imposing. Naturally I have no facts as a basis for doubting their statements, but so far as I know, they have never played one of these schools and my guess is that they meant to say they had written to these schools for games.

I would recommend to you that you not consider a game with such a school.

Dear sir:

At a decision recently reached by the athletic council and approved by the president of the University, Southwestern would like very much to send its basketball team to the midwest for several games the first part of February.

Any fair monetary arrangement will meet with instant approval and may we have the pleasure of hearing from you in an early mail?
