

December 22, 1941.

Private C. D. Richardson, Jr.,  
65th School Squadron,  
Brook Field, Texas.

Dear Mr. Richardson:

This will acknowledge receipt of your letter of the 18th instant.

Kansas and Kentucky have never played in football or basketball, or any other sport, that I remember.

Adolph Rupp was one of my boys, graduating here in 1923, where he played on the varsity basketball team. I am very fond of him, but I have never made any statement regarding his ability as a basketball coach. I have told my friends that he is a very intelligent and scholarly gentleman. I have had no reason to make a comparison of his coaching.

Rupp's school has played Kansas State College, our agricultural school at Manhattan, but I have never played him here.

Very sincerely yours,

FCA:AH

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
