Brooks Field, Texas

Dear Mr. Allen:

A question that has caused much discussion the past few weeks is "How many times has Kansas University played the University of Kentucky & the date of the last game as well as the score? How many times has Kansas played Kentucky in the last ten years & the score of each of these contests? I wonder if you would be kind enough to send me this information.

Mr. Allen have you ever made the statement that the coach of the Kentucky team is "the best Basket Ball Coach in the nation?"

I will forever be grateful if you will by return mail send me the above mentioned information. I am

Sincerely

Prof. C. D. Richardson Jr
