Dear Dr. Allen:

I received my check and your last letter yesterday. I was pleased that you and Polly were so prompt.

Dad is still with us but I don't think he will last much longer. He has lost a lot of weight and looks bad. He was a big man before his illness. He isn't aware of his condition and still thinks he is going to get well.

I was fortunate and got a good job soon after I returned home. I am working at the refinery and make forty-five dollars a week. It is a good company and I am proud of my job. I have joined the Wood River ex-oilers independent basketball team and am having a good time.

Things seem to be working out better than I expected as far as financial arrangements is concerned.

sincerely

Giff
