Dear Dr. Allen:

Due to my father's illness I will be unable to return to Kansas. He has cancer of the right lung and is at the point of death. Surgical operation is impossible due to the position of the cancer. This means that Dad will always have the cancer and will only live as long as it permits. I will have to go to work as well as assume the responsibility of taking care of mother. I think perhaps I have some refund in tuition and an athletic dept. check from Dell, but I am not sure of either. Since I didn't know of anyone else to write to, I thought you might be able to help me. If you are able to investigate my case the family, as well as myself, will be grateful. I left the campus in a hurry but fortunately I was able to bring everything of a material nature that I owned. I will have Bob Boots sell my books and send my tennis shoes and other miscellaneous things. Of course,
