

June 27, 1942.

Mr. Teno Ratner,
Executive Mansion,
Topeka, Kansas.

Dear Teno:

Well I remember the fine time that we had at your dad's and mother's dinner for the basketball team. We also remember your being down with the measles and we remember your telling us that you liked your Goal-Hi but your ball was in bad shape.

Now, we are getting to the main point of interest. We have finally gotten caught up with our back work to the point that we are mailing you by parcel post a used varsity basketball which you and the rest of your family, if they have the inclination, can try on the Goal-Hi when and if it gets cool enough.

With all good wishes to you for a very happy summer, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
