Dear Rector Allen -

Walter Schuffler, whom  
I believe you know, called  
me today claiming to have  
read a letter in Kansas  
City recently ~~that~~ written  
by me to you. He was  
very angry and threatened  
a number of unpleasant things  
that make no difference &

I am wondering why  
he should claim to have seen  
a letter to you from me.

I'd appreciate hearing from  
you about this. Respectfully Julian E. Ralston
