Mr. Forrest C. Allen
Basketball Coach
University of Kansas
Lawrence, Kansas

Dear Mr. Allen:

I understand that you have been negotiating with Mr. Arthur H. Morse of Chicago, for a game in Chicago in one of his college double-header programs. We have been working in close cooperation with Mr. Morse for the past several years, and if you do come this way for a game in Chicago, we should like to have you play in Peoria also.

We are in a position to offer you a guarantee comparable to the one you will receive from him, which, of course, will make your trip to this section possible.

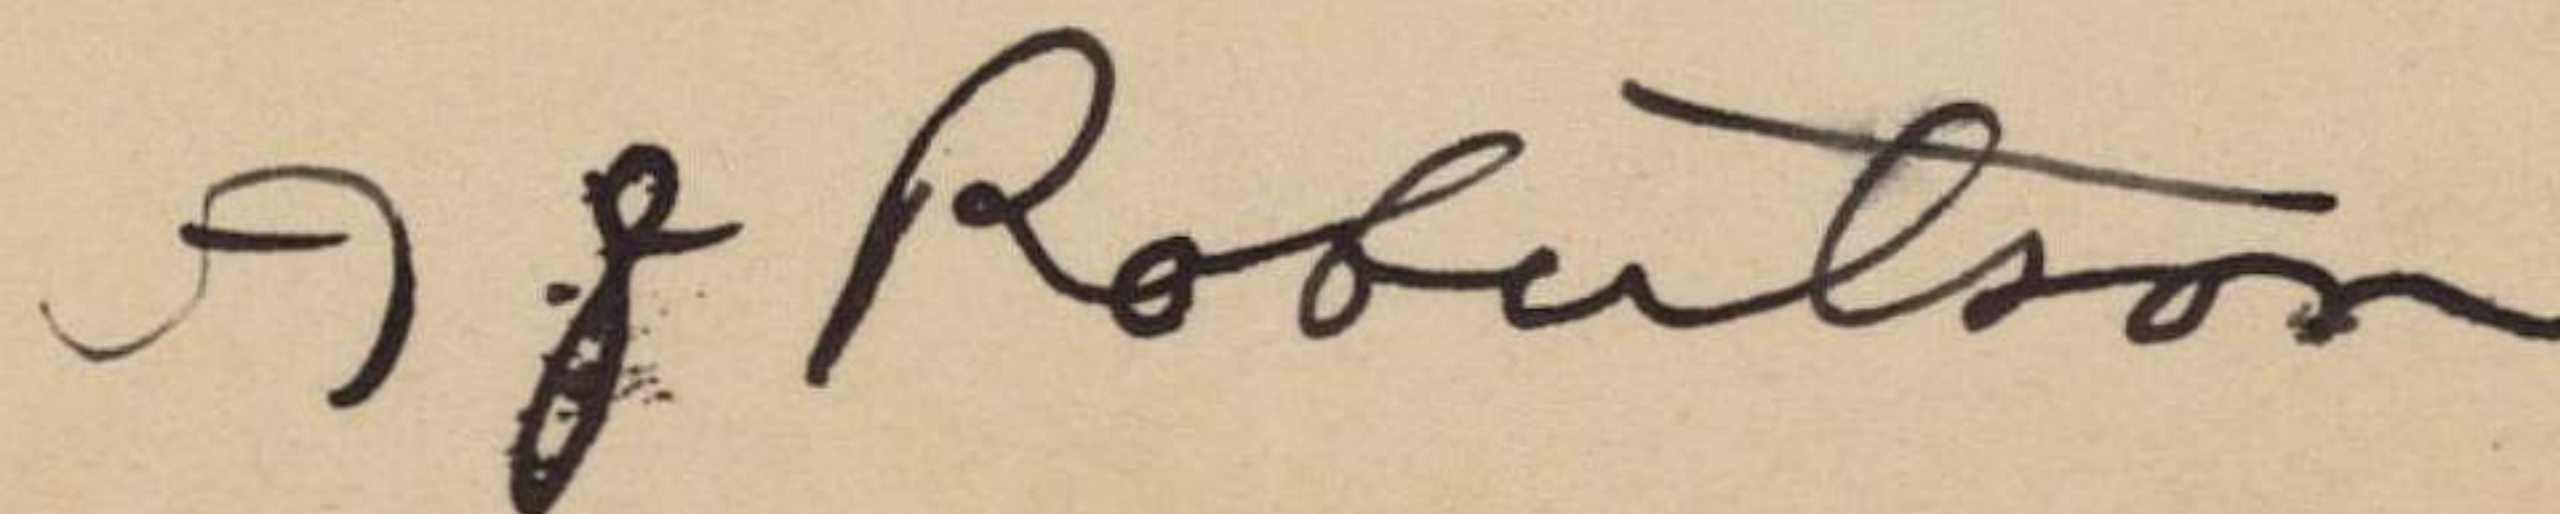

We have a well lighted court, with an 84 x 50 playing space. Teams playing here in the past four years have ranked our floor among the best in the country. We have featured an Intersectional program in basketball for the past four years. A partial list of the prominent teams which have played here are as follows:

Universities of Pittsburgh, Nebraska, California, Toledo, Oklahoma, North Dakota, Southern Methodist U., Yale, Duquesne, U. C. L. A., City College of New York, George Washington U., New York U., St. Johns of Brooklyn, William & Mary, Cornell U., Iowa State, Temple, Washington State, and Rice.

On our next year's schedule, new teams to appear are the U. of Denver, Oregon State and Harvard.

If you are interested in playing with us, we would be very pleased to hear from you indicating what date or dates would be acceptable for the game.

Sincerely yours,

A. J. Robertson
Director of Athletics
