ATTORNEY AT LAW

Dear Mr. Allen

Will you as Caesar - came saw +  
conquered. I was nips + tucks for a  
while. I was surprised when they used  
a different style of offense, but guess  
you realized they might change + were  
prepared for it.

The game has been the talk of  
the town for two days. And  
hears about it where ever you go  
In the banks + office buildings, at  
the Court house on the street etc.  
They cant get over Howard making  
9 out of 11 shots in the last  
half. Everyone has the highest  
praise for you and the team even  
more so than after the play-offs  
last spring. You certainly were  
an emissary of good will for K.U.
