

April 8, 1941

Will you please give Bill Arnold and Glen Foy my kindest regards? I wrote a recommendation for Jack Sands and I trust that you will get to greet him there real soon. Give all the Kansas boys my kindest regards and I wish for you an especially large dose of the same good wishes.

Our family are all well. Thank you, Max. Eleanor is a sophomore and Bob graduates as a pre-medic with his A.B. here in June. He has been admitted to the University of Pennsylvania Medical College and I believe that he will do mighty well. He seems to know what he wants and he is working earnestly toward his goal. He has not received his draft call as he drew a number pretty far down the line, but I know that he is physically fit, as his examinations have shown each year prior to his basketball playing.

I see your brother Bill quite often and I think he is a swell fellow. The football team is coming along splendidly and I believe that they will have a fine team unless the draft hits them pretty hard. Ralph Miller was put in classification BI, which means that he will not be called unless it is to drive a truck, and then only when the Germans get to the Mississippi River.

Our basketball prospects are especially bright as far as new material coming in is concerned. We have the tallest and the best looking material from one single freshman class that it has been my pleasure to have since I came to the University of Kansas. They are big and double tough, so we should go along pretty well next year, although inexperience may play a difficult role.

I often go into the Athletic Office and see your smiling countenance as exhibited in your photograph which rests on Mrs. Webster's desk. It is a swell looking uniform, Max, draped around a darn good athlete and a fine fellow. And it would not be amiss to say a handsome young Naval Aviator.

With kindest personal regards, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
