Mr. Julian Ralston
Attorney at Law
Brown Building
Wichita, Kansas

Dear Julian:

Had I had a moment I certainly would have called you when I was in Wichita, but it was just a flying trip and I spent only an hour or two in town. You can always count on my getting in touch with you if I have a spare moment.

I am glad that you like the game we are to play on February 4. I think we surprised a lot of our brothers in Wichita when I placed a Big-Six team in your home town. No one was expecting it, and most of the people had cut me out so much that they thought I had developed horns, so it was a pleasant thing to me to see so many people hopped up about it. I thought we would follow our policy of playing smaller schools over the State, and since we had been in Wichita in a favorable environment, I thought we might call again by playing the University of Wichita. Jack Copley had more to do with it than anyone else, because he has been a booster and we always line up ourselves with men who boost.

Thank you very much for your nice letter and here's best wishes to you for your family. I am leaving for Louisville about Tuesday to visit our daughter and grandchildren, and then we will go to Chicago for an N.C.A.A. Executive Committee meeting on the 6th and 7th of September. After that I expect to be in Lawrence.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation
