Dr. F. C. Allen  
Kansas University  
Lawrence, Kansas

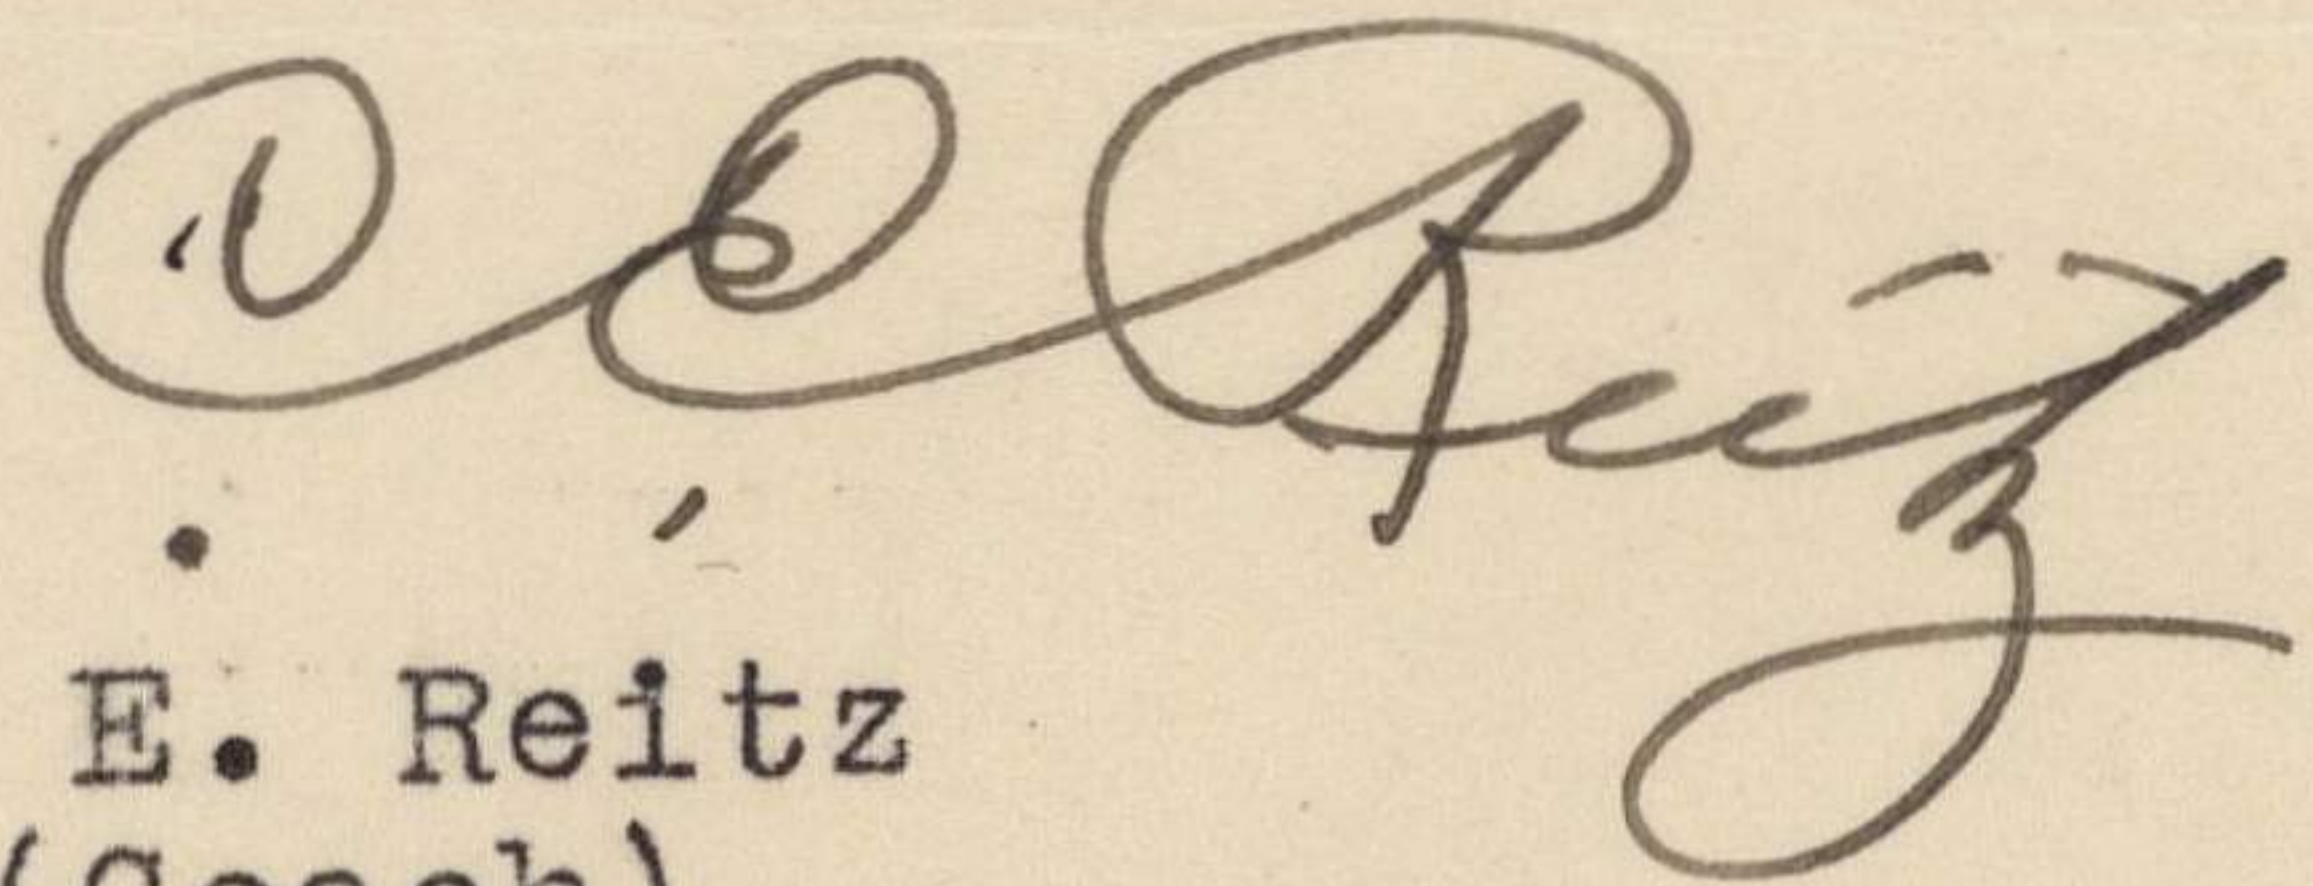

Dear Sir:

We have a boy who twisted his left knee while throwing a ball. The injury happened about two weeks ago and the knee still bothers him.

I am wondering if you would look at it sometime if we brought him down to Lawrence.

We can be in Lawrence any day next week except Friday or Saturday. May I hear from you?

Respectfully yours

C. E. Reitz  
(Coach)
