Dear Dr. Allen:

When Bruce asked me to write you the other day, he wanted me to inquire about Ralph Miller and since I forgot it, I thought I'd better get off a note to you. We heard about Ralph over the radio and Bruce is very much interested in knowing how he is, his address now and if you have time, he'd appreciate it if you drop us a line or have some one do it. He also would like you to give Ralph his best regards and good wishes, if you should see him.

Thanking you for your trouble and with every good wish, I am

Sincerely yours,

Fauchon Reid
