

April 12, 1939.

Mr. W. W. Neve, Athletic Director,
Kinsley High School,
Kinsley, Kansas.

Dear Mr. Neve:

Thank you for sending the job analysis survey report. It is not too late, and we are glad to have your cooperation.

The Department of Physical Education is offering the following courses in the 1939 Summer Session, all of which may be taken for graduate credit:

- 100. Principles of Community Recreation, 3 hrs.
- 200. Theory & Practice of Athletic Training, 3 hrs.
- 300. Special Problems, 2-4 hrs.
- 312. Seminar in Physical Education, 3 hrs.

I will teach the first two named courses, and Dr. E. R. Elbel will conduct the other two. I am asking that a bulletin of the Summer Session announcements be sent to you.

In regard to the brace for chronic shoulder dislocation, while I was in St. Louis last month I was talking with the Rawlings Manufacturing Company regarding their making a brace so that they could be put on sale. It has adjustable straps so that it would fit any boy, but at the present time they have not manufactured any. I will write to the Rawlings people today and see when they might be able to effect some production. As soon as I hear from them I will write you again.

Yes, I remember you very well and am glad to have had a short visit with you at Dodge City. It is very nice of you to say the things that you have about our work. It was a pleasure for me to be there.

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
