Dr. Forrest Allen  
Kansas University  
Lawrence, Kansas

Dear Sir:

I did as you suggested, wrote the article, sent it to Scholastic Coach and they accepted it. I am to receive fifteen dollars for the article. Thank you for the suggestion.

R. Hamblin of Windsor, Missouri, is one of the outstanding basketball players in this section of the state. He is one of a very few that I would say is of university caliber. He is about six feet in height, speedy, shifty, a clever ball handler, and has an excellent eye for the basket.

I have watched this boy play for the past three years and would like to see him continue his education as he is anxious to go to school.

He came over yesterday and asked if I could help him find a job at some school to help pay his way through. I told him to write you because I understand that you are not to write a boy unless he has inquired about work.

Yours truly

George E. Ramsey
