Kansas University
Lawrence, Kansas.

Dear Sir:

I am planning to enter
the University of Kansas next September
to pursue an engineering course. As I am
in need of a job to complete my school
year I wonder if ^{you} could tell me definitely
what kind of a job I could get and if I am
restricted to any certain amount of working
hours. I would appreciate this very much
for I wish to make a schedule.

I remain,

Blaine Ribey.
