Dear Craig:

I am very happy to send you a couple of our schedules of our home conference games, and a few for your general manager, Charles Stevenson.

Any time you come up let me know, and I am very sure that you will be taken care of in good style.

I also want to thank you for writing John Hawkins at the Maine Agricultural Experiment Station, Orono, Maine, about our new book. I really believe it is a pretty good one.

Again thanking you, and wishing for you a very Merry and Prosperous Yuletide Season, I am

Fraternally yours,

Varsity Basketball Coach,
Director of Physical Education.
