Mr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Phog:

I, too, am sorry that I missed you the afternoon I called.

Although it is a matter that could better be discussed verbally than by correspondence, I would have taken up with you, the very unethical, as I view it, selection of two officials for the final N.C.A.A. game, and not one of them being an official from our area.

Had the two officials been selected from the area of the competing teams, I wouldn't have a word to say, but as President of the Mid-Western Officials Association, I am heartily interested in the morale of the men ~~who~~ serve in your conference and I don't think it did them any good not to have one of them selected.

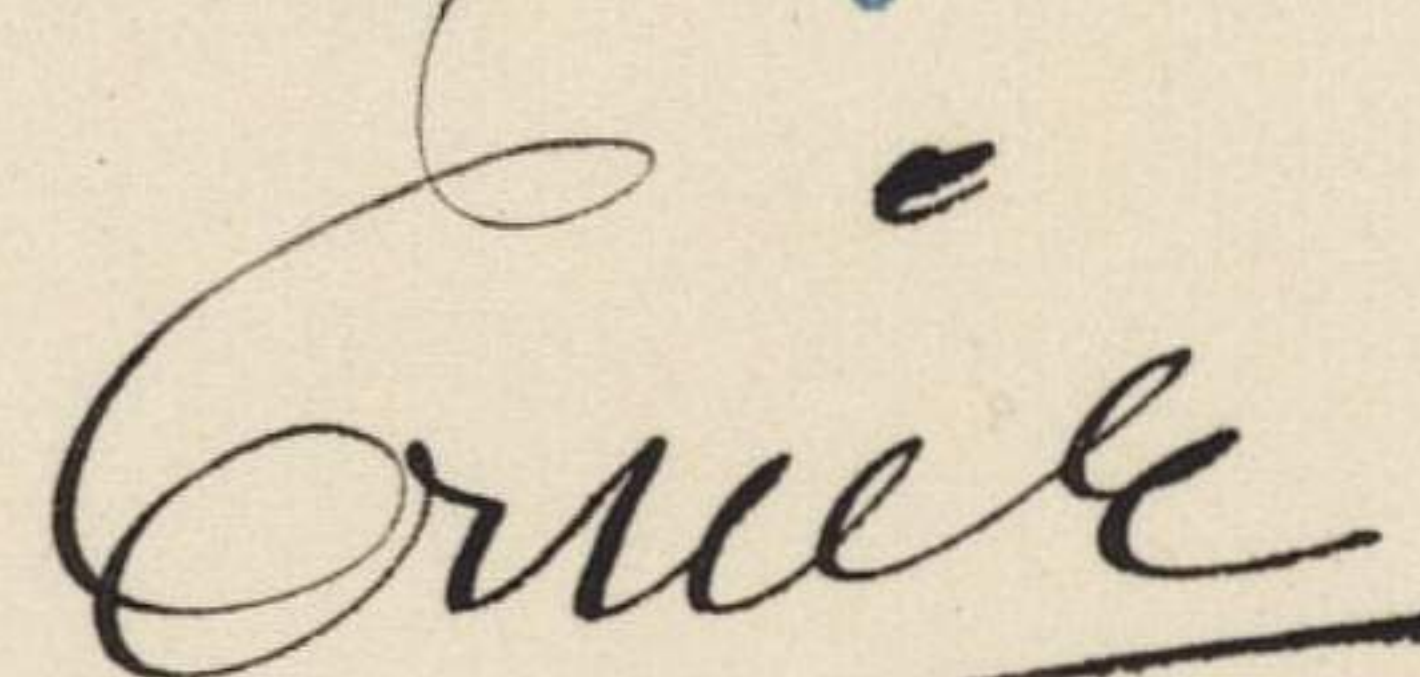

If you care to advise your \$7.50 a week clerk how I feel about this, you may.

There has been no change in the baseball rules since the 1940 book was published and we have not edited a new book on Interpretations.

If you have worn out the 1940 book and the Interpretations, please let me know and I will gladly replenish your stock.

My kindest regards to the Allen family.

Cordially
