Dear Quig:

I was very happy to have your letter of the 30th ultimo, and to know that your leg is better. I am delighted to know that you will be able to officiate in several football games.

You bet, we will be glad to cooperate with you one hundred per cent, and we will want you to work some of our games when you are able.

It was a pleasure to hear from you, Quig, and I will be glad when we can have a regular visit.

With best wishes to you and Mrs. Quigley,

Dear "Phog";

It has been many a year since such a long period of time has elapsed between some sort of a letter passing one or both ways.

Likley I have been the culprit but whether or no I want back on your mailing list.

I am feeling pretty fine; My foot is getting better and I have been able to "cavort" to some extent since about the 5th of August, when I discarded my crutches.

Marg was with me all summer being my "right leg" in more than one instance.

I know both you and Mrs. Allen will be interested in how my foot is doing. If I could get a little power in it it would be as good as ever----that is coming slowly.

I can never thank you "Phog" for your kindness to me last fall; Some time I hope to tell you the "low-down" on it all.

Kindest regards to Mrs. Allen, the family and you.

Cordially,

E. B. Quigley

Supervisor of Umpires.

P.S. I'll operate in several foot ball games; Not as referee though; I should be "Tops" when the basket ball season comes around;

Home after World Series!

Dear "Phog";

First of all permit me to thank you for your suggesting my name to Mr. Rowe, at Cleveland for the "guy who could put on the basket ball rules clinic". I was sorry that I could not take that in and am glad that you are going to be able to do it for them.

I know that both you, and Mrs. Allen, (and I'll never be able to completely thank you for your many kindnesses towards me during that trying winter that I went thru), will be glad to know that I am on my way to a complete recovery. [My foot is nearly as good as it was and my leg is getting stronger each day.] I have been umpiring a game each week and that has been such a help in the program that both Dr. Phil Kreuzer, of Chicago and Dr. Bob Kennedy, of New York prescribed for me.

[I may work one basket ball game a week, if anyone wants me to operate] I have a sport broadcast, Phog, on W. I. B. W. at Topeka Kansas on Tuesday, Wednesday and Thursday nights at 9:30 P. M. and again at 12.30, noon, on Sundays.

Anything that you may care to have put on this program you just say so and I'll do the rest.

By the way, do you want me to do anything about aiding you in the Basket Ball Interpretations at Kansas City: You will appreciate the fact that after my classes were over at Columbia the past summer Dr. Hughes asked me to handle a "clinic" with every student in the various Physical and Health Education Courses as my audience. It was the most interesting work of that character that it has been my pleasure to conduct.

Dear Ern:

Our entire family listened in on your "You Can't Do That" program last night. It was lovely of you to pay us the compliments you did, and the entire family is indeed thankful to you and gratified that you would be so nice to them and to us.

After the program was over Mrs. Allen said she felt very much like the fellow who had attended a funeral of one of the old city residents and when the parson got through, one of the old timers got up from his seat and walked over to look at the corpse -- he wasn't quite sure that the preacher was talking about the same fellow that he knew. The sermon was so full of eulogies and the old reprobate during his lifetime had been such a bad actor that he thought the minister was talking about some other fellow.

Thank you, Ern.

Director of Physical Education and Recreation,

As you likely know, the undersigned conducts a sport broadcast over Station WIBW of Topeka, Kansas, every Tuesday, Wednesday, and Thursday night at 9:30; and at 12:30 noon on Sundays.

We are dedicating a night to each school in the Kansas, Central Kansas, Big Six, and Missouri Valley Conferences; and this is to notify you that the program dedicated to your school will be put on Thurs. Feb. 29th at 9:30 P.M.

I will be pleased to have you let me know of your reaction to this program; and, if you care to, ask that some phase of Basket Ball, Base Ball, or Foot Ball be answered on this program.

We pay, with a \$1.00 WIBW check, for your question that has sufficient merit to be used on this program. On Wednesday nights we ask you a question, and for the correct answer, with an accompanying suggestion, WIBW pays \$3.00.

Dear Dr. Allen,-

Your letters to Ern of the 9th and 12th are at hand. Ern is in Fla. this week attending the Baseball Rules Committee meeting, hence answers to your queries will have to wait until his return, which I expect to be the last of the week.

However I can inform you as to the time of the K.U. broadcast, which will be Feb. 29th- the indicated 1st choice as sent to Ern. However the information so far sent us from Kansas is not very full. I will be writing Horace Mason, your publicity Director for further data. In the meantime, I know Ern is particularly anxious to have a full story on yourself. Will you see that this reaches him?

Your good letter came to my desk last Saturday, but I had previously engaged John Carmody of Haskell, and Armin Woestaneyer, one of your good Sigma Chi brothers, to work this freshman-varsity game. As you know, Woeste is secretary of the Kansas Relays Club and active in sport activities, so naturally we drew the boys from close at home, as this is not an important contest.

Dear "Phog";

I regret that I have not been able to give you an earlier answer concerning the matter of broadcasting the Kansas games but I was not able to get the desired information until just recently and had in mind dropping down and seeing you "in the flesh".

As I told you, and I wish you would give my reason as not being able to arrange my schedule so as to do the work in a way that the job would demand, but the real reason is that I am under contract to W. I. B. W. until April 1st 1940 and they do not care to have me identified with any other station.

They can hardly be blamed for this stand; it may be next year that I may be able to arrange to do this work and I hope you will be kind enough, if the opportunity presents itself again, to keep me in mind.

I expect to see several of your games---at least the first half and will be happy to give your games all the "air space" that I can.

By the way "Phog" where can I get the Basket Ball Rule Interpretations as determined by the Big Six Basket Ball coaches in Kansas City?

If you have a draft of them I will be glad to have them.

Dear Phog,-

It is with a great deal of regret that I have terminated my series of Sports Programs over Radio Station WIBW, which I have been carrying on four times weekly since the 17th of October. I am leaving for my summer's work with the National League. My office is 1909 R. C. A. Building, New York City.

That I have enjoyed my work on the air this winter, has been in no small degree due to the many fine expressions of the acceptance of these programs by the fans who have written their approval, or criticisms or suggestions. They have been most helpful in sensing what the listeners like to hear discussed. Will you please accept the thanks of WIBW and myself for these expressions of good will.

I am more than indebted to those of you who sent in questions on Sports which you wished discussed. There have been far more than time permitted me to answer on the air. So if you did not receive a WIBW check for \$1.00 for your question and it was not "aired", do not feel that it was without merit. It may be that some of these questions can be answered next fall, if the program is continued at that time. I wish also to express my appreciation to those of you who answered "my question" each week.

Thanking you again for your interest,
I am,

Dear Bill:

Your very good letter of April 9th enclosing a postcard inviting me to the meeting of the lodge on April 22 was received, but I had previously made a speaking engagement at Lane, Kansas, at the father and son banquet there. For that reason it was impossible for me to be with you that evening, but I should have acknowledged with regret the postcard which you sent me.

I have a son, Milton Allen, who is a Mason at Ellinwood, Kansas. He is talking of coming back here next year and taking his law degree. In that case he will live at Lawrence and will want to demit from Ellinwood to the Lawrence lodge #6.

I am wondering if I am still eligible for that button which I would very much like to have commemorating the twenty-five year Masonic membership, and of course the certificate, if I could have it. I would be very happy to frame it and put it in the home for our family.

With all good wishes, I am

Dear Dr. Allen:

I have your letter of July 21st and note your question concerning the facilities for the wives of the coaches and faculty members at the "Y" Camp. I am very sorry that the limited facilities make it impossible for us to provide accommodations for any of the wives at the camp. However, there are very comfortable hotels located in Boone and we will do our best to try and arrange some sort of entertainment for the ladies during their stay in Boone.

I am writing to the other members of the faculty to ascertain whether or not it will be possible for their wives to come with them to the coaching school and in the event that they can, we will arrange accommodations for them in Boone and also some entertainment.

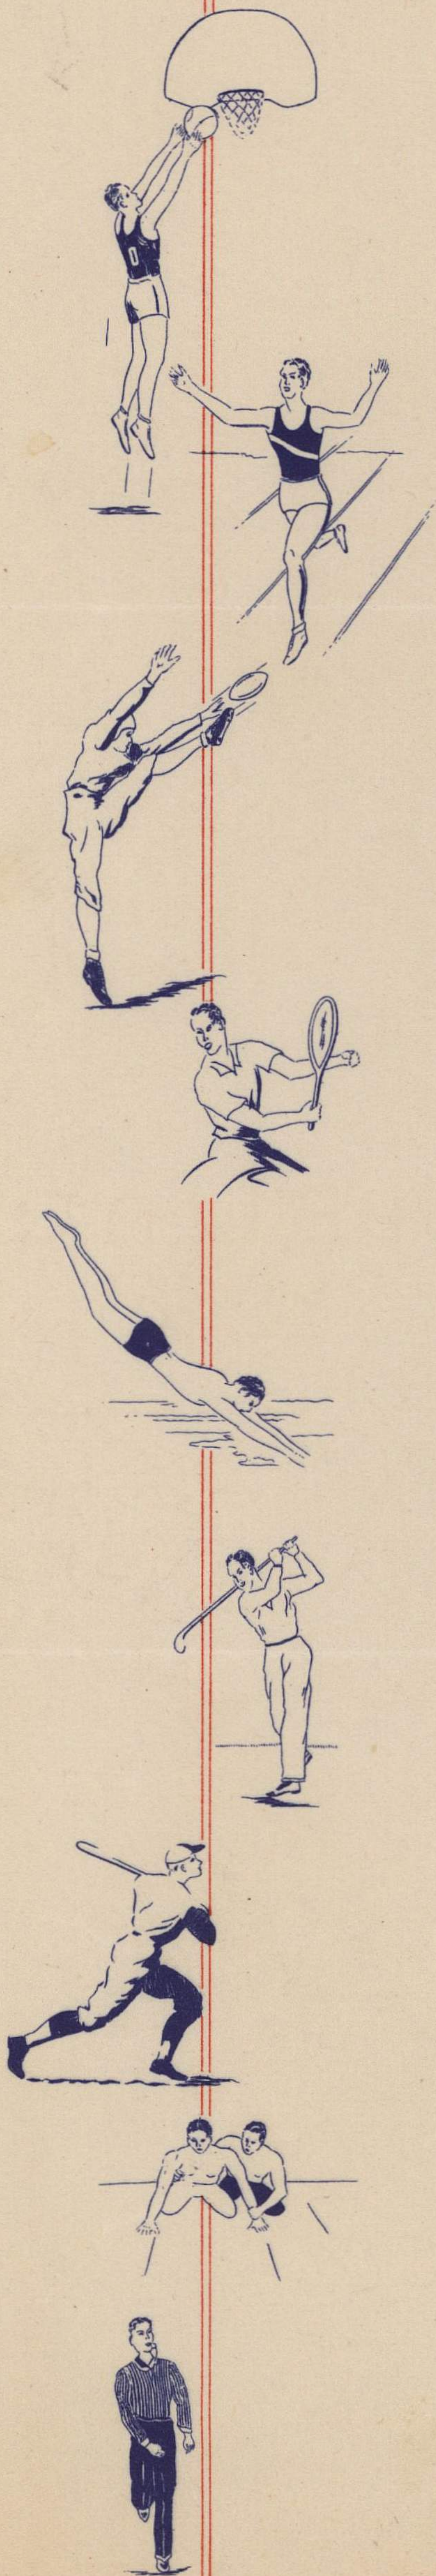

I'll give you more information in regard to this at a little later date.

Our registrations are coming in in very fine shape and I'm sure that we'll have a very large turnout for our school.

Dear Ernie:

The book which you kindly sent to me was delivered to Jack Andrews at the Gas Company office here in Lawrence, Kansas. I am writing you so that you may have a record of his address and the delivery.

He appreciated it greatly; in fact, he was overwhelmed. So you made a very fine friend by this splendid gift of yours. I let him read your letter and it pleased him very much.

I am sending you the non-conference schedule but we are having trouble scheduling dates with Oklahoma Aggies, and I am sure only of our games with Fordham, Temple, Loyola, and Texas. The Wichita date is practically set, but not closed as yet.

For your information, if my memory is correct, you told me that you were planning not to do any officiating at all and going one hundred per cent on the radio. I believe, Ernie, that was the last definite message I had from you, so you can see why I did not send you the non-conference list. I promised to do so previous to our conversation, so I took it that you weren't interested. Am I correct, or should I assume that the last statement was the final decision?
